

Snatch Strap

This stretchable strap is designed to pull a bogged vehicle out using the momentum of a second vehicle without the damaging shock of a standard tow strap.

› Specifications

- Australian made
- Designed with 20% stretch
- Includes inbuilt wear indicators
- Fully sewn eyes with protective sleeves

› Special Instructions

- Do not exceed stated load ratings
- When towing a caravan etc. a heavy strap is recommended (11,000kg or 16,000kg)
- Do not allow strap to rub against sharp edges or twist
- Only attach strap to approved recovery points on your 4WD
- Do not use shackles as a connector between straps

› Care Instructions

- Wash straps in warm, soapy water and mild detergent
- Allow straps to dry before storing
- Not recommended for general towing
